

Conterra is proud to sustainably provide vital connectivity to the communities it serves, based on the following guiding principles:

- Environmental management: guide our activities in the context of environmental sustainability, demonstrating a respect and care for the environment and including a commitment to minimize the impact of our operations on the environment, such as
 - emission of greenhouse gases
 - impact on biodiversity and habitat
 - adaptation to climate change
- Social responsibility: promote positive engagement with all our stakeholders, both internally (including through such items as diversity and employee safety) and externally, and the communities we serve.
- Corporate Governance: adhere to policies that promote the highest ethical standards

Consistent with Conterra's sustainability principals, we seek to adhere to the UN Global Compact 10 Principles. Further we are a participant in the annual GRESB Infrastructure Assessment that benchmarks ESG performance of infrastructure assets, globally.

Conterra is a strong supporter of local community organizations, including the following:

- American Heart Association
- Ronald McDonald House Charities
- East Texas CASA (Court Appointed Special Advocate)
- CHRISTUS Good Shepherd – Longview Guild
- Police Activities League of Charlotte
- El Paso (TX) Shooting Victims Fund
- Hurricane Florence Recovery Fund
