# CONTERRA CONNECTS WITH MODERN MANUFACTURING

From boosting productivity on the factory floor to managing global supply chains, discover why manufacturers trust Conterra to overcome today's IT challenges — and be ready for tomorrow's opportunities.

## Scaling Efficiently Requires Solving Today's Roadblocks.

-  Outdated processes
-  IT talent shortages
-  Security and compliance
-  Supply chain disruptions
-  System Integration
-  Efficient scaling
-  Industry 4.0 readiness

## Conterra has solutions.

### Fast and Reliable Networking

- ✓ Ethernet & Premier Internet
- ✓ 99.995% Uptime
- ✓ Managed LAN
- ✓ Wireless Failover

### Security and Compliance

- ✓ Managed Firewall
- ✓ DDoS Protection
- ✓ SD-WAN

### Communication and Collaboration

- ✓ Hosted Voice
- ✓ Omni-Channel Contact Center
- ✓ SIP Trunking

### Supply Chain Optimization

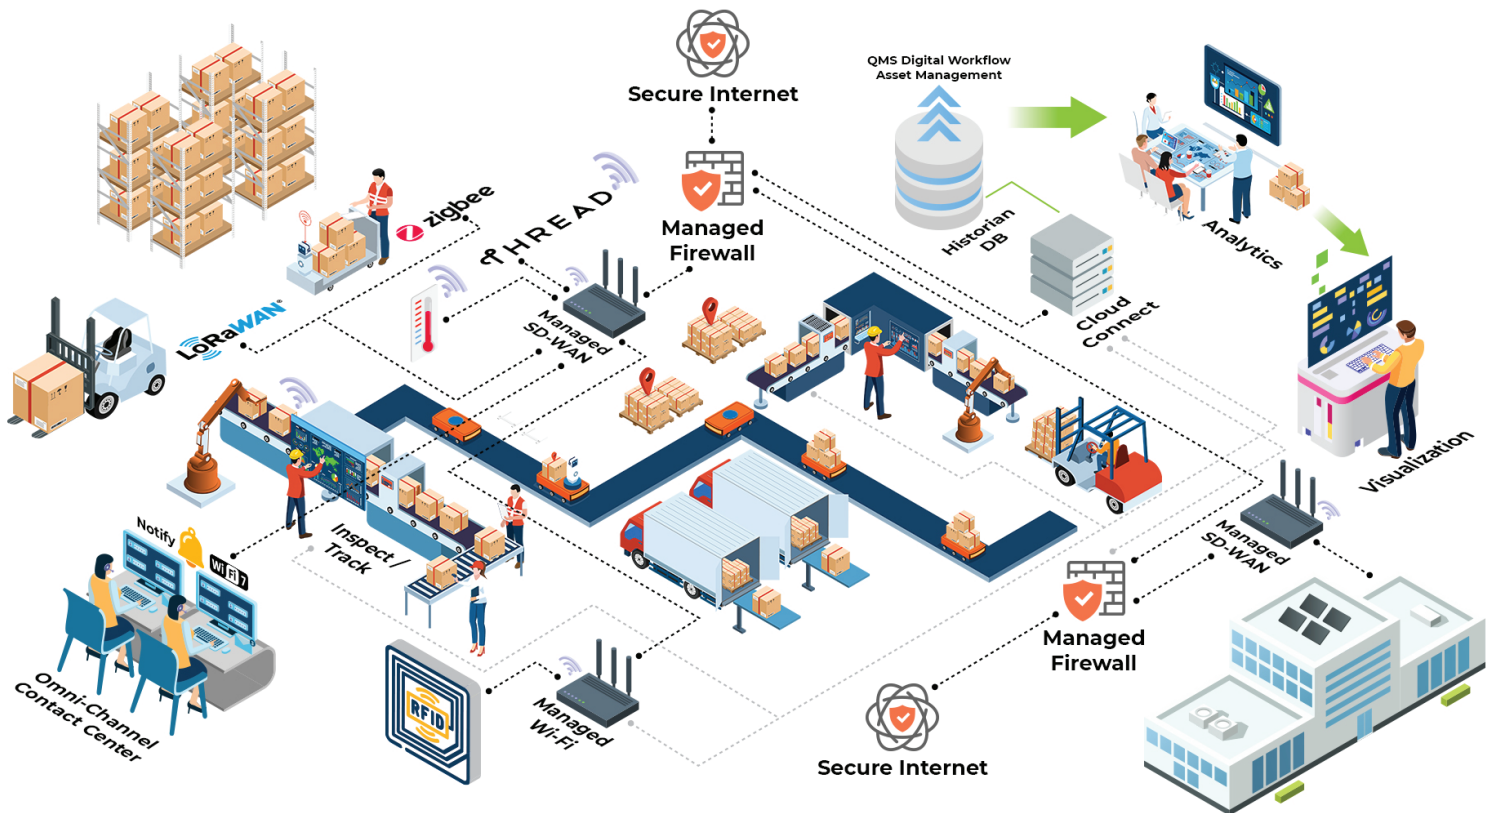

- ✓ Managed Wi-Fi
- ✓ Cloud Connect

Streamline your production process by eliminating IT challenges — our network is that good.

**Contact Us** | Let's discuss how Conterra can power a better communication strategy to meet today's realities.

# INDUSTRY 4.0 IS CHANGING THE FACE OF MANUFACTURING

Connectivity is key to delivering on the fourth industrial revolution's promise of productivity improvements through robotics, IoT, augmented reality and automation.

**Contact Us** | Let's discuss how Conterra can power a better communication strategy to meet today's realities.

Manufacturers Turn to Conterra for Fast, Reliable, and Secure Solutions Designed to Keep Up With Their Demanding Production Needs.

Tailored Solutions.  
Tangible Results.

### Work with a Provider That Understands Manufacturing

Big telecom companies still treat you like a component on the assembly line, offering one-size-fits-all solutions.

That's why so many manufacturers look to Conterra. We meet you where you are, listen to where you need to go and create a customized strategy to get you there, on your terms. We're a digital transformation partner that helps you:

- ✓ **SAVE TIME:** Eliminate slowdowns and downtime for greater efficiency.
- ✓ **SPEND SMARTER:** Allocate resources more efficiently.
- ✓ **ENHANCE LONG-TERM VALUE:** Gain more from your investments.

### 5 Key Questions for Manufacturers

Is your network provider actively helping you ...

- 1 Control spiraling costs?
- 2 Boost efficiency across your supply chain?
- 3 Integrate, migrate, and update legacy networks?
- 4 Protect data from existing and emerging cyber risk?
- 5 Lay the foundation for expansion?

If you're struggling to accomplish your IT goals, it's time to upgrade your network – and your network provider. Talk to Conterra.
